Who?

Did you have a great experience at USF and want to give back to our current students as they prepare for graduation? Do you want to share your professional expertise with our students on campus or at a company or hospital with our Director of Corporate Partnerships to help us recruit new students? Interested in growing your resume with a speaking engagement? The USF Alumni Association hopes you will consider applying to be a part of our Alumni Speakers Bureau!

What?

Through our Alumni Speakers Bureau, you can once again feel the spark of what it is like to be back in the classroom. We want you to bring your expertise to our current and prospective students. Presentations can be individual or panel format and last approximately 30 minutes long, plus time for Q&A. Our students have much to learn from you and enjoy connecting with USF alumni. If you are interested in participating, we are accepting applications for future alumni presentations, and encourage you to complete our application. Not all applicants will be selected.

When/Where?

If selected, someone from the Alumni & Family Relations Office will contact you to set up a date/time conducive to your schedule. Classroom speaking engagements are encouraged at our Joliet/Main campus, St. Bonaventure campus, St. Clare campus and off-site with our Director of Corporate Partnerships in companies and hospitals both in and outside Illinois.
