

Mentoring Agreement

- The duration of the formal mentoring program is October through April during the 2018-19 academic year.
- Monthly contact with my mentor/mentee via email, text, in-person, etc. (as determined by each pair), is mandatory.
- Attendance at the Induction Dinner (Oct. 24) is required and it is strongly encouraged that you attend the Career Networking & Etiquette Dinner (Feb. 21). Please make plans to attend. These events will help make your experience within the program, with your match, and with others participating, more meaningful.
- If you are not able to connect with your mentor/mentee, you are expected to reach out to our office as soon as possible to indicate there is a communication issue.
- If three unsuccessful attempts are made to connect with a member by the Alumni & Family Relations Office, removal from the program may occur.

I understand the above terms and commit to the expectations provided. I realize that my commitment directly impacts another's experience in the program and with the University.
